In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control, and accordingly, no such opinion is expressed.

	(iv) <u>.08cii</u> a statement that the auditor does not express an opinion or provide any assurance on the information because the limited procedures do not provide the auditor with sufficient evidence to express an opinion or provide any assurance.			
	(v) <u>.08d</u> and following – If the auditor is unable to complete the RSI procedures, or if some of the RSI is omitted, or if the RSI departs materially from the prescribed guidelines, or if the auditor has unresolved doubts about whether the RSI is measured or presented in accordance with the prescribed guidelines, were the applicable statements from AU-C730.08(d) to (g) included?
