Objective:

The objectives of the review are to: (1) ensure that audit reports meet applicable governmental auditing, accounting and financial reporting standards, reporting requirements for single audits, and the New Mexico Administrative Code 2.2.2 Requirements for Contracting and Conducting Audits of Agencies; and (2) identify any follow-up audit or reporting work needed.

Instructions:

The audit manager or the employee in charge of the audit firm's quality control system is required to complete this review guide. You are required to answer all of the questions in the review guide. Insert page number references for all 'yes' answers. Submit comments to explain all 'no' answers, unusual circumstances, or why a reporting standard was not complied with. Pursuant to 2.2.2.9(B)(1) NMAC, the report will not be accepted by the Office of the State Auditor if the review guide is incomplete, or if the report is unfinished or contains an excessive amount of errors and omissions. This review guide does not contain every auditing, accounting and financial reporting standard or requirement applicable to a financial audit. Agencies and auditing firms are required to ensure that all applicable auditing, accounting and financial reporting standards, laws and regulations are complied with during the preparation of the audit reports, financial statements, notes and schedules.

		We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of [the agency], as of and for the year ended June 30, 20XX, and the related notes to the financial statements which collectively comprise [the agency's] basic financial statements as listed in the table of contents. 	(e)	.2628 Does a section with the heading "Management's Responsibility" follow the introductory paragraph, and include the following:	Page Ref: YES Comments:	NO	N/A
		An explanation that management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error?	Page Ref:		
((f)	.29 Does a section with the heading "Auditor's Responsibility" follow that includes statements that:	YES Comments:	NO	N/A
		.30 the responsibility of the auditor is to express an opinion on the financial statements based on the audit;			
		.31 the audit was conducted in accordance with auditing standards generally accepted in the United States; issued by the Comptroller General of the United States; and those standards require that the auditor plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement?			

	.32 Does the "Auditor's Responsibility" section also include the following statements?	
	(i) An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements;	
	(ii) The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. It making those risk assessments, the auditor considers internated control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control, and accordingly, no such opinion is expressed	
	(iii) An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significan accounting estimates made by management, as well as the overall presentation of the financial statements.	
	.33 Does the "Auditor's Responsibility" section state that the auditor believes that the audit evidence the auditor has obtained is sufficient and appropriate to provide a basis for the auditor's opinion?	Page Ref:
(g)	.3436 Does a section with the heading "Opinion" follow, that includes a language, when expressing an unmodified opinion on the financial statements, similar to the following:	
	In our opinion, the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of [the agency] as of June 30, 20XX, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.	
(h)	.38 Does the following section appear with the subheading "Other Matters" and include the following statements regarding Required Supplementary Information (RSI) when the auditor applied specified procedures and no material departures from the prescribed guidelines were identified per AU-C 730.0708:	Comments:
	(i) Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and additional RSI (if applicable) on pages XX-XX be presented to supplement the basic financial statements (AUC 730.08a);	
	(ii) Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in	

	an appropriate operational, economic, or historical context (AU-C 730.08b);	
	(iii) The auditor has applied certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to the auditor's inquiries, the basic financial statements, and other knowledge the auditor obtained during the audit of the basic financial statements (AU-C 730.08ci);	
	(iv) The auditor does not express an opinion or provide any assurance on the information because the limited procedures do not provide the auditor with sufficient evidence to express an opinion or provide any assurance (AU-C 730.08cii).	
	(v) If the auditor is unable to complete the RSI procedures, or if some of the RSI is omitted, or if the RSI departs materially from the prescribed guidelines, or if the auditor has unresolved doubts about whether the RSI is measured or presented in accordance with the prescribed guidelines, were the applicable statements from AU-C 730.08(d) to (g) included?	
	(vi) If all the RSI was omitted, did the "other-matter" paragraph include the statements required by AU-C 730.09(a) to (c)?	Page Ref:
(i)	Continuing under the subheading "Other Matters," do the following paragraphs regarding Supplemental Information (SI) appear below the RSI paragraph, and include the following statements pursuant to AU-C 725.09?	Comments:
	(i) .09a the audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise [the agency]'s basic financial statements;	
	 (ii) .09b the SI [list schedules] is presented for purposes of additional analysis and is not a required part of the basic financial statements; 	
	(iii) .09c the SI [list schedules] is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements;	
	(iv) .09d the SI has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America;	
	(v) .09e if the auditor issues an unmodified opinion on the financial statements and the auditor has concluded that the SL is fairly stated in all material respects in relation to the	

	financial statements as a whole, a statement that, in the auditor's opinion, the SI [list schedules] is fairly stated, in all material respects, in relation to the basic financial statements as a whole; .09f. and following – if the auditor issues a qualified opinion on the financial statements, or an adverse or disclaimer of opinion on the financial statements, did the IPA include the applicable statements from either AU-C 725.09(f) or 725.11?	Page Ref:		
	(i) Are all of the SI schedules required by 2.2.2.10(A)(2)(e) NMAC, including combining and individual fund financial statements for all non-major funds, and any other SI schedules required by the Audit Rule included in the AU-C 725 opinion; and are the schedules properly identified in the AU-C 725 paragraph as noted in the table of contents?	YESComments:	NO	N/A
	(ii) For Housing Authorities, is the Financial Data Schedule (FDS) included in the supplemental information section, and did the auditor include the FDS in the AU-C 725 opinion paragraph? (HUD UFRS II (C) Special Rules for Certain PHAs and 2.2.2.12.(B)(5)(a)(iii) NMAC)	YESComments:	NO	N/A
	(iii) For a Single Audit (\$750,000 or more of federal money expended), is the Schedule of Expenditures of Federal Awards specifically mentioned in the AU-C 725 opinion paragraph? [Uniform Guidance 200.515, AAG GAS 7.06]	YESComments: Page Ref:	NO	N/A
(j)	Continuing under the subheading "Other Matters," if applicable, does a paragraph regarding Other Information (OI) appear below the SI paragraphs, pursuant to AU-C 720.A2 & A13? The auditor is not required to make reference to the other information in the auditor's report on the financial statements. However, the auditor may include another-matter paragraph disclaiming an opinion on the other information. An example of such a paragraph follows: "The [accompanying other information] has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it."	YESComments:	NO	N/A
(k)	The subheading "Other Reporting Required by Government Auditing Standards" should appear next in the report, pursuant to AU-C 700.37 and .A32. See also AAG SLV Chapter 16, Appendix A, Example A-1. An example paragraph follows:	YES Comments:	NO	N/A
	In accordance with Government Auditing Standards, we have also issued our report dated XX/XX/XX on our consideration of [the agency]'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering [the agency]'s internal control over financial reporting and compliance.
