Re: GAO FY2020 Findings Report

Greetings,

On behalf of the Government Accountability Office (GAO), I am pleased to present the *GAO FY2020 Findings Report*. The objective of the report is to serve as a source of information and an instrument of transparency concerning the audit findings of New Mexico governmental agencies subject to the Audit Act for FY2020.

The report is an amalgamation of data gathered from the FY2020 annual financial audits of New Mexico's agencies subject to the Audit Act. The report is compiled specifically to illustrate the financial health of agencies based on the audit opinions and audit findings reported.

This report provides Office of the State Auditor (OSA) stakeholders with a snapshot of the financial health of New Mexico's government. The prime objective of the GAO in producing this report is to provide accessible information to support more effective and efficient decision making concerning matters involving taxpayer dollars.

Sincerely,

A handwritten signature in cursive script that reads "Stephanie W. Telles".

Stephanie W. Telles, MBA, CFE
Director, Government Accountability Office

Executive Summary

Purpose

As a constitutionally established executive branch, the Office of the State Auditor (OSA) has financial oversight responsibility for New Mexico governmental agencies and is statutorily charged with ensuring the financial affairs and transactions of every agency are thoroughly examined and audited each year, and in addition to the annual audit, the State Auditor may cause the financial affairs and transactions of an agency to be audited in whole or in part. This is accomplished substantially through its independent public accountants (IPAs). The intent of this report is to provide high-level data and statistical evidence on the outcomes of the audits performed for FY2020 in accordance with the vision of the OSA and the Government Accountability Office (GAO) to bring accountability, transparency, and excellence to New Mexico governance.

Methodology and Scope

The material used to compile this report was derived from primary source data, specifically the outcomes from the most current audit reports of New Mexico governmental agencies available as of July 12, 2020 for Fiscal Year 2020.¹ The scope of this report is focused on the state and local agencies that received full financial audits. The figures presented within this report are not inclusive of reports from special audits, or other engagements contemplated by the Audit Rule², Agreed Upon Procedures (AUP) or financial certifications from local public bodies under the tiered-system of reporting, or the New Mexico Annual Comprehensive Financial Report (ACFR).

FY2020 Results

In total, for FY2020, this report evaluated 524 complete and released audit reports.³ Notably, 97 percent of agencies audited received *unmodified* opinions, meaning test work indicated financial statements and disclosures were presented fairly in all material matters. Furthermore, 43 percent of audits contained *no findings*, otherwise known as a clean audit. Further aggregation of report findings resulted in the beneficial presentation of “top-ten findings” by category statewide. This particular overview is helpful for agency management and oversight agencies to more effectively identify pain-points and better implement internal control processes. The information detailed in this report delves further into category specific data concerning agency opinions and findings. Definitions to assist in discerning the data presented in the report can be found in Appendix A.

¹ A spreadsheet containing the source data used to compile this report is available for review and analysis on the OSA website in the Government Accountability Office page. www.saonm.org/government_accountability_office.

² New Mexico State Audit Rule 2.2.2 NMAC <https://www.saonm.org/laws-and-regulations/>.

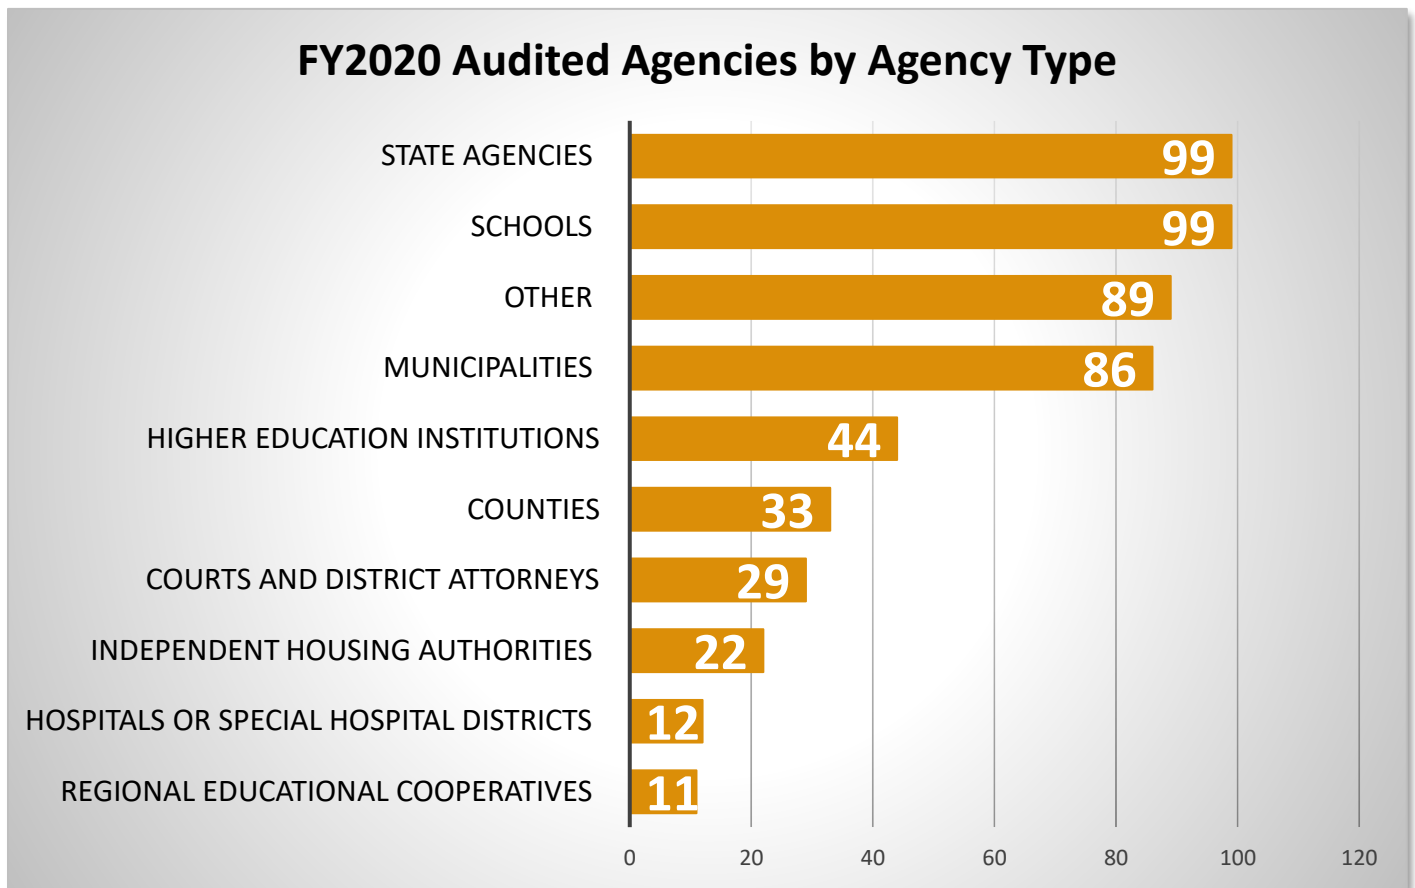

³ As of July 12, 2021 - 14 agencies requiring full financial audits remain on the *at risk list* due to late report submission and the data from those agencies are not included in this analysis, agencies on this list can be found in Appendix D.

FY2020 Audit Overview

Audit Snapshot

Information compiled within this report is based exclusively on the 524 agencies that received full financial audits for FY2020; substantially all of which were conducted by IPAs under the direct oversight authority of the OSA.⁴ The chart in Figure 1 details the count of agencies who received a full financial audit for FY2020 categorized by agency type.

Figure 1 – FY2020 Governmental agency audit snapshot⁵

⁴ IPAs conduct substantially all audits under the oversight of the OSA due to finite resources. The OSA maintains its regulatory role to ensure the work performed by the IPA is done according to professional standards and the New Mexico Audit Rule. The OSA reviews reports issued by IPAs for quality prior to release. Opinions and findings expressed by the IPA are based on its professional judgement and are not deemed correct or incorrect by the OSA.

⁵ Agency reference of *Other Agencies* represent: Councils of Government, Mutual Domestic Water Associations, Special Districts, Workforce Boards, Water and Natural Gas Associations, Soil and Water Conservation Districts, Public Improvement Districts, and Tax Increment Development Districts.

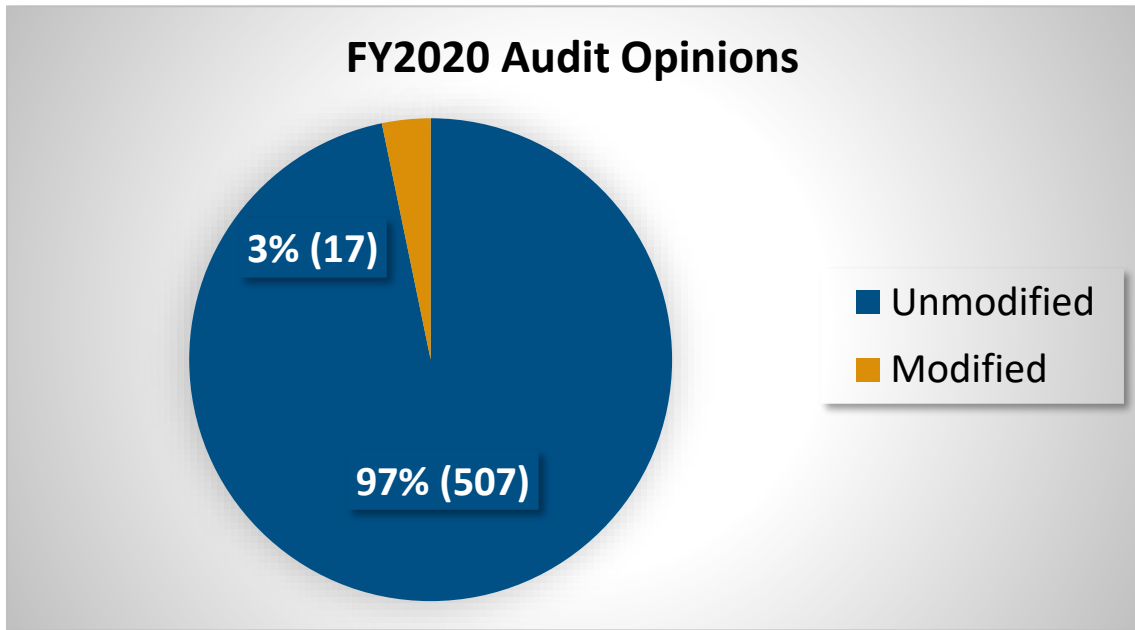

Audit Opinions

In accordance with professional standards, auditors will issue an opinion of an audited agency following a full review of the agency’s financial statements. The concluding opinion issued by an auditor is determined following test work of an agency’s financial statements. The issuance of an *unmodified opinion* suggests the financial statements materially represent the financial condition of the agency in accordance with applicable financial reporting framework whereas the issuance of a *modified opinion* suggests the financial statements were not prepared or presented fairly in all material aspects and typically reflected as a *qualified opinion*, an *adverse opinion*, and/or a *disclaimer of opinion*.⁶ Auditors may also express *multiple opinions*, meaning different opinions on varied aspects of the financial statements exist.

Strong Financial Health

Statistically, New Mexico audited agencies’ financial reporting health is strong; as detailed in Figure 2. 97% of agencies in the scope of this report received *unmodified opinions*, suggestive of conformity in maintaining financial statements free from material error and may be relied upon. Further details on *multiple and modified opinions* issued can be found in Table 1. FY2020 agencies with *unmodified opinions* issued can be found in Appendix B.

Figure 2 – Overview of Agency Opinions⁷

⁶ Modified opinions as described may suggest misstatements are material, but not pervasive; are both material and pervasive; or financial information provided is insufficient and therefore an opinion cannot be appropriately rendered, respectively.

⁷ Agencies with *multiple opinions* are captured in the *modified* total in Figure 2

FY2020 Audit Overview

Table 1 – FY2020 Multiple and Modified Audit Opinions by Agency⁸

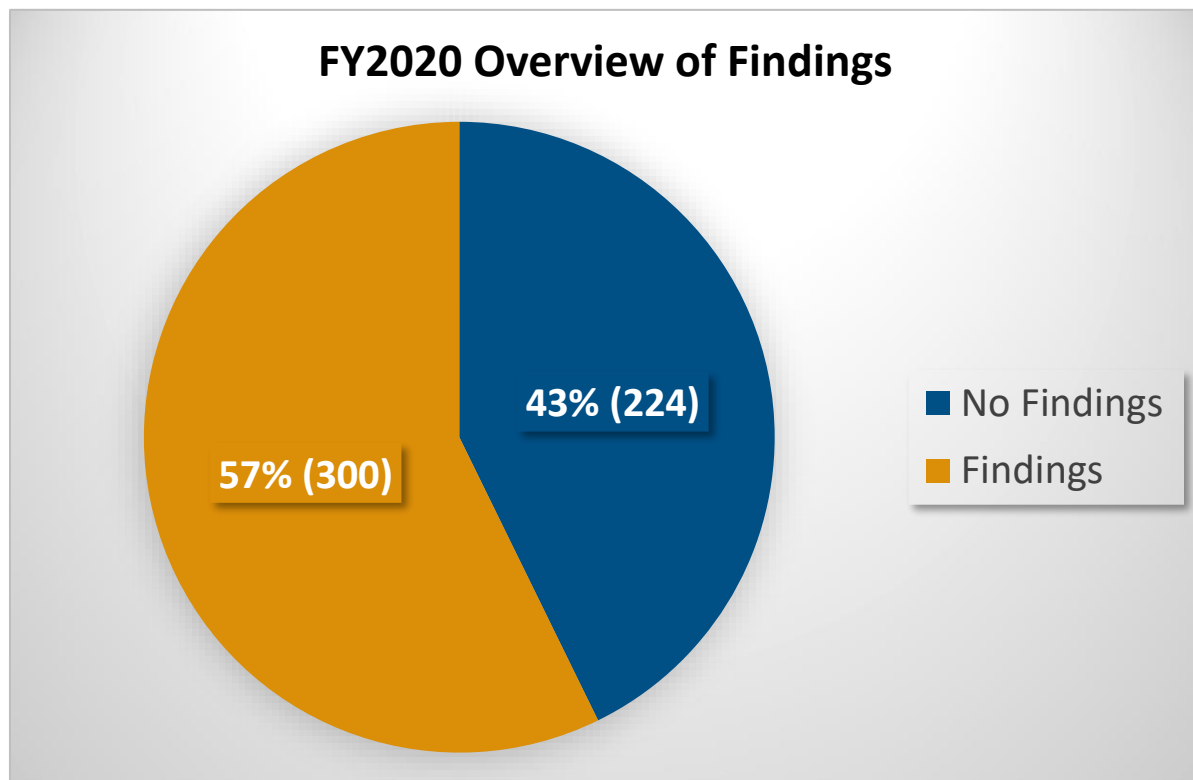

Agencies with Multiple or Modified Opinions	
Multiple Opinions	Cibola County Espanola Public Schools Office of the Superintendent of Insurance Public Education Department Town of Bernalillo
Modified Opinions	
Qualified Opinion	City of Bloomfield City of Jal NM Department of Homeland Security and Emergency Management NM General Services Department Northern NM College REDI Net Town of Edgewood Village of Tularosa Village of Columbus Village of Milan
Disclaimer of Opinion	Town of Estancia Village of Tijeras

Audit Findings

In addition to an opinion an audit report may hold *findings*, indicating evidence of nonconformity with audit criteria. In some instances, an agency receiving an *unmodified opinion* may also receive an evaluation that delivers *no findings*. This is the best case scenario for an agency signifying a *clean bill of health*. A *clean bill of health* suggests the agency presented its financial statements fairly and it accurately characterizes the financial condition of the agency while contemporaneously indicating no identifiable deficiencies or issues were noted. Figure 3 illustrates agencies with a *clean bill of health* for FY2020; a full list of agencies with a *clean bill of health* can be found in Appendix C.

⁸ *Multiple Opinions* is inclusive of different/multiple opinions on various aspects of the financial statements and *Modified Opinions* is inclusive of qualified, adverse, or disclaimer concluding opinions. There were no adverse opinions issued within the scope of this report.

Figure 3 – 43% of agencies receiving a full financial audit were issued no findings thus indicating a “clean bill of health”

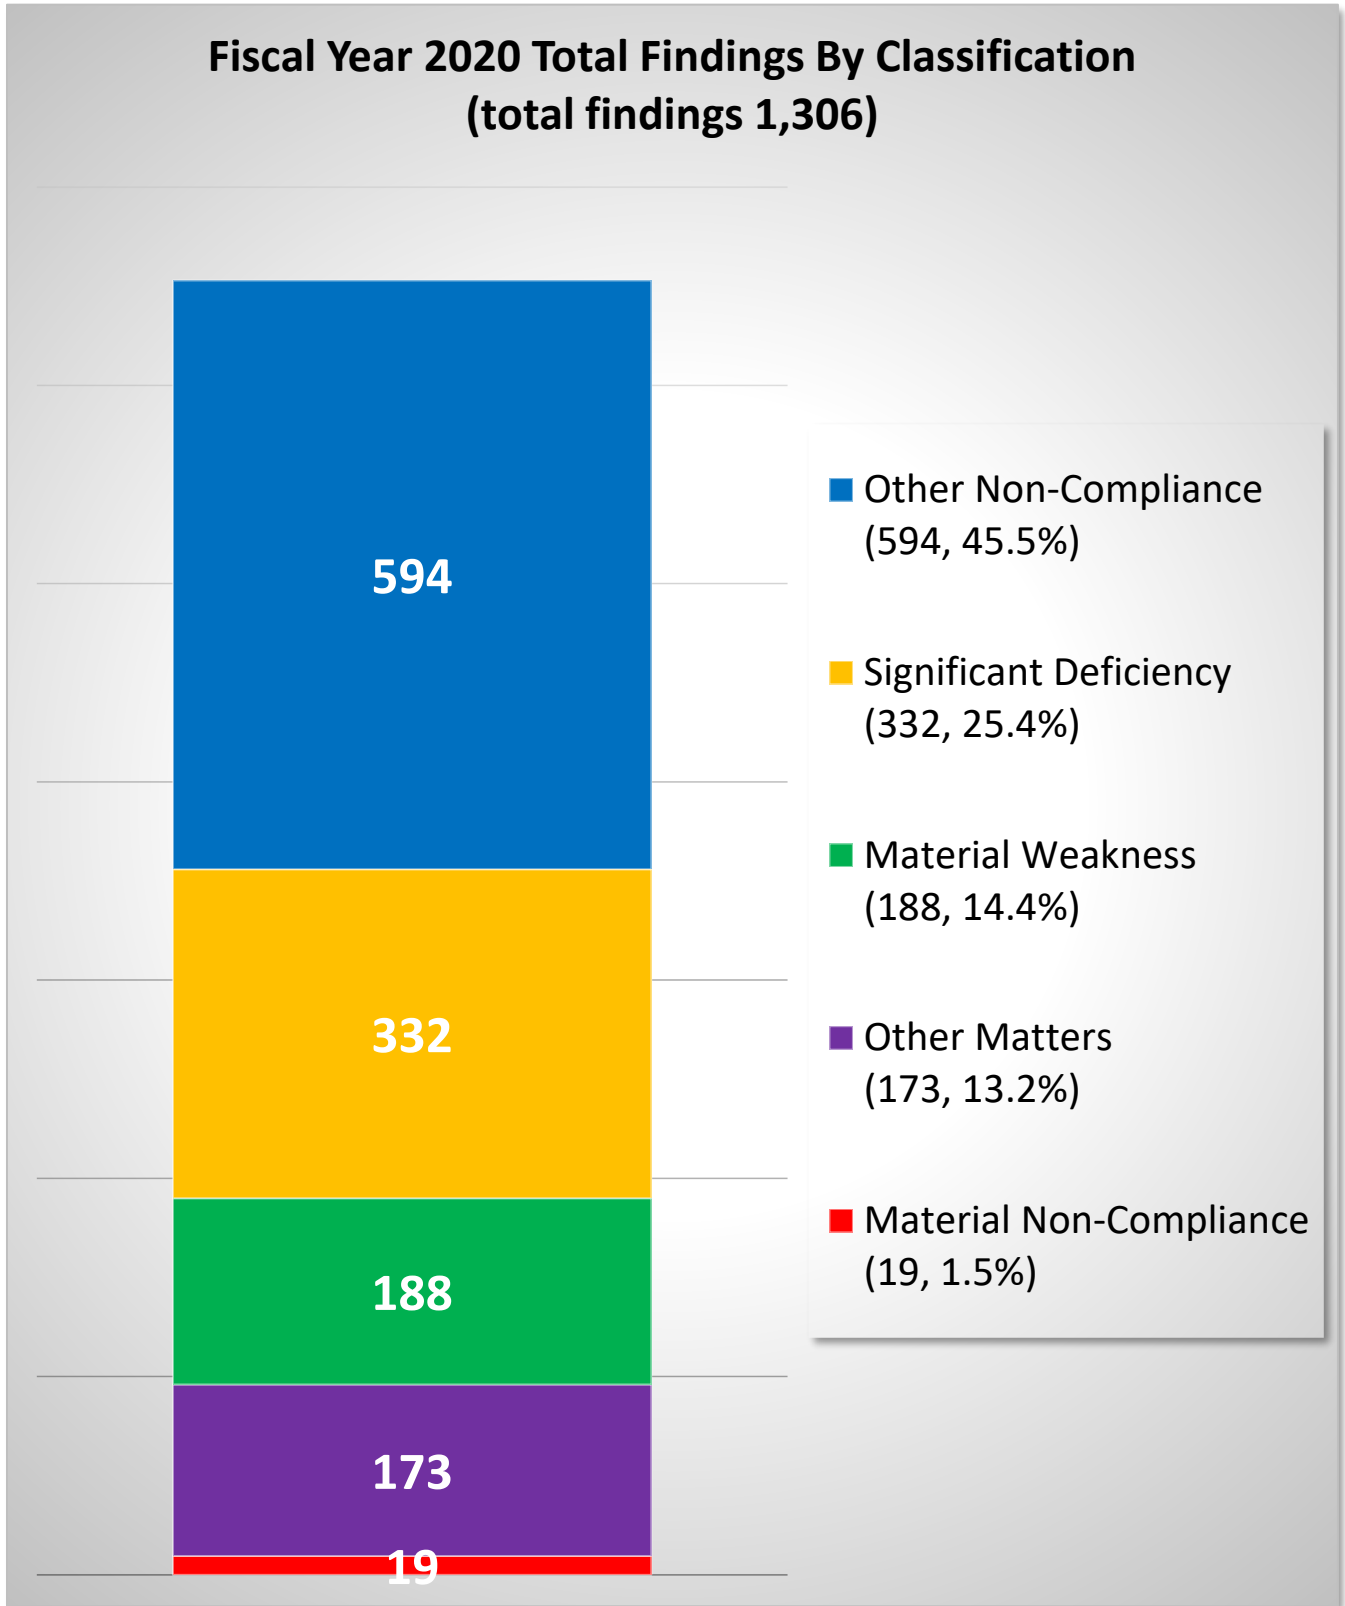

Further analysis of FY2020 audits include *finding classifications*. These classifications reveal specifics related to instances of control deficiencies, nonconformity, or other opportunities for improvement and are classified in such a manner that illustrate the magnitude and likelihood of potential risk for the agency. The five *finding classifications* observed in FY2020, from most severe to least severe, consist of: *material non-compliance*, *material weakness*, *significant deficiency*, *other non-compliance*, and *other matter*.⁹

Finding Recommendations

Agency management should pay close attention to the *findings*, issued along with the auditor recommendation on how to properly address such *findings*, to effectively plan for corrective action to resolve matters of nonconformity or noncompliance. Figure 4, on the following page, illustrates total FY2020 findings by classification.

⁹ Detailed definitions of the finding classifications are found in Appendix A.

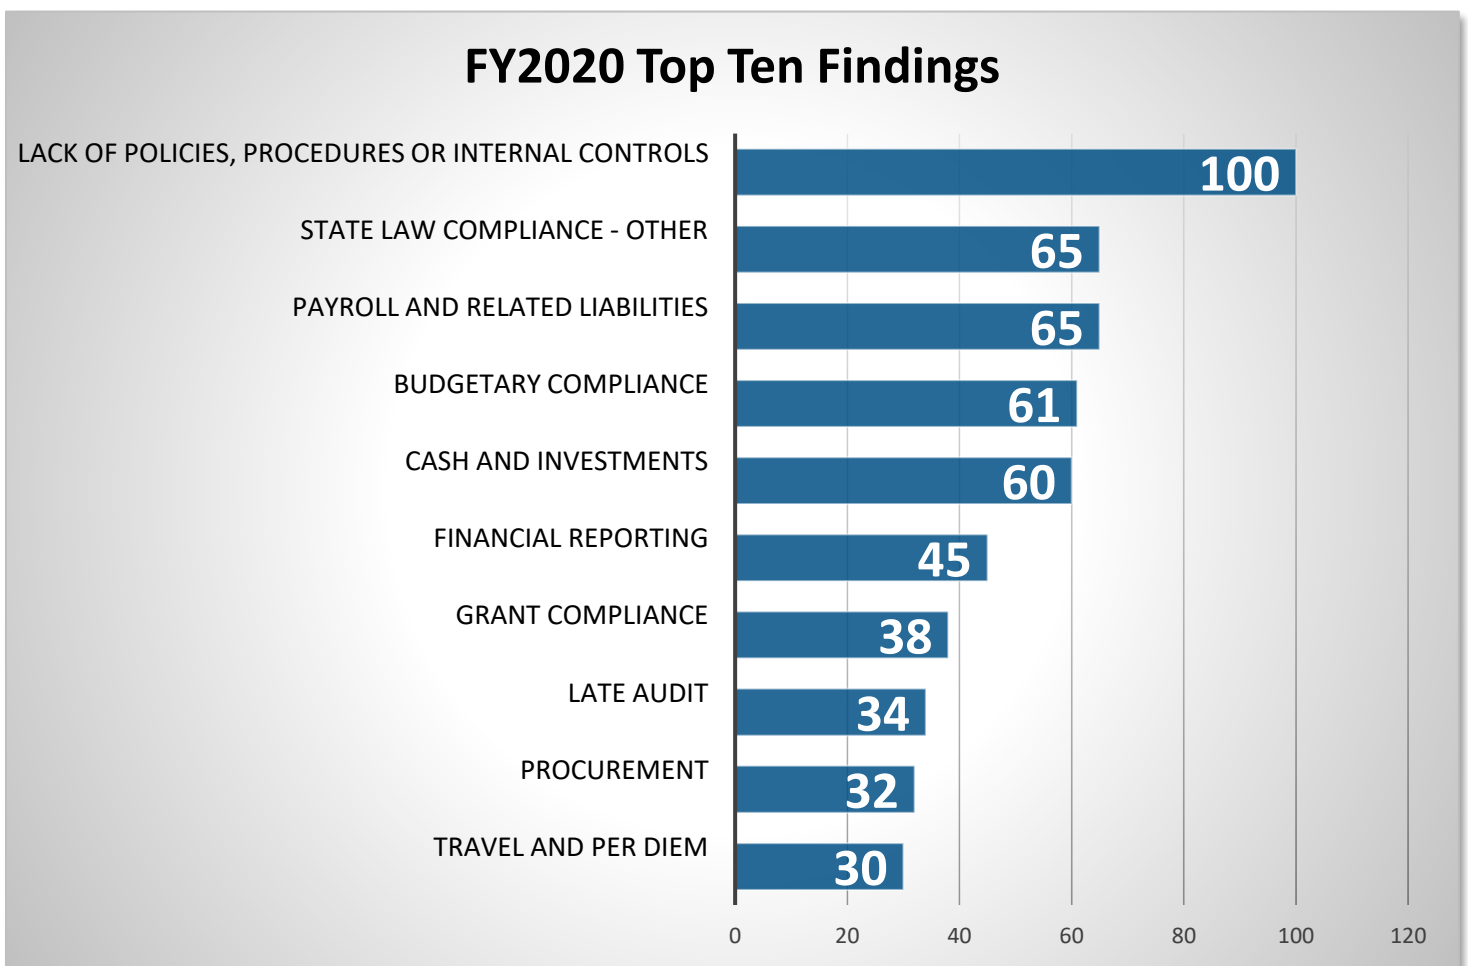

Figure 4 – Total FY2020 findings by classification

Most Common Findings

Findings issued as a result of an audit are intended to serve as an opportunity for agencies to review past events with a vision toward improvement, not means for ridicule or to discredit an agency's practice. Findings are often the most accessible tool an agency has to highlight and advocate for changes to policies, procedures, internal controls, or organizational structures so as to make the operation of an agency more effective, efficient, equitable, transparent, and accountable. Figure 5 illustrates the top ten findings of all FY2020 annual financial audits statewide. Definitions of *findings categories* developed by the OSA are detailed in Appendix A.

Figure 5 – FY2020 Top ten findings by category¹⁰

¹⁰ Top ten findings are listed in categories developed by the OSA for this report and account solely for findings newly identified in FY2020 and do not include repeat findings from prior years.

FY2020 Agency Overview

Agency Highlights

Totals	524	507	17	226	1306

Special Investigations Snapshot

Complaints Received

Historically, Special Investigations Division (SID) reviews over 300 complaints annually. The complaints received are instrumental to the OSA’s overall impact. Complaints received are often broad, fact-finding procedures as part of an open examination allow us to narrow our focus to specifics for more in-depth test work as part of the annual audit.

Figure 6– Three-year comparative of complaints received¹¹

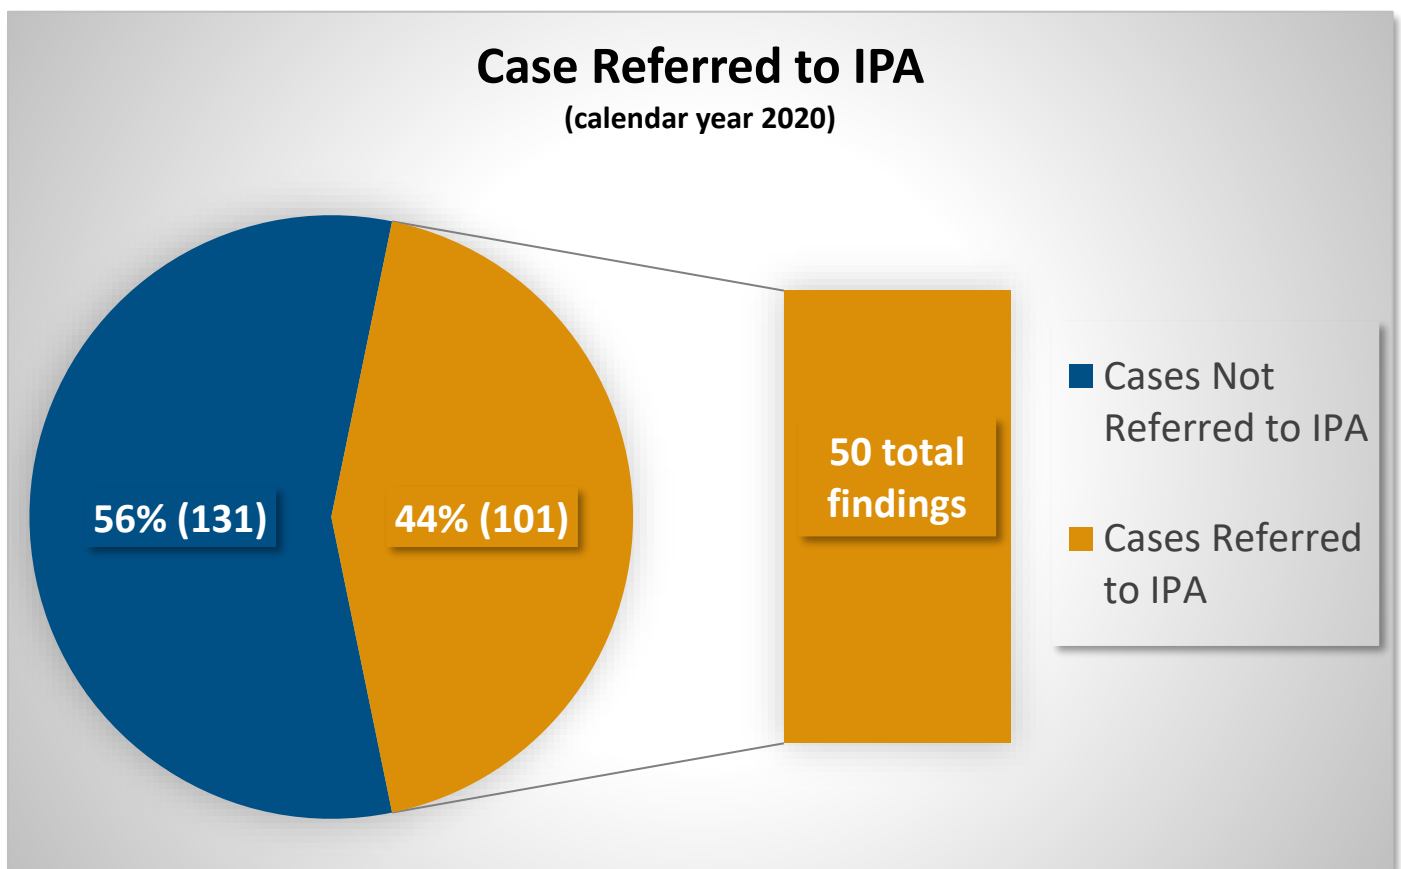

¹¹ In some instances, a single examination may incorporate numerous complaints/reports of waste, fraud, and abuse.

Special Investigations Snapshot

Cases Referred

In 2020, 44% of SID cases were referred to IPAs. An example of the benefit is as follows: an IPA can perform additional test work as part of the annual audit, or a separately designated engagement related to a complaint or transaction to determine if there is a more pervasive underlying issue. This provides management more information on gaps that must be filled within the organization, allowing for implementation of greater risk mitigation practices. As a result of the SID referrals to the IPA 50 findings were identified.

Figure 7 – Percentage of SID cases referred IPAs¹²

¹² In some instances, a single referral may incorporate numerous complaints/reports of waste, fraud, and abuse.

Government Accountability Advisories

Risk Advisories

Issued by the Government Accountability Office, *Risk Advisories*¹³ communicate issues concern identified by the OSA while performing various risk-based activities including, but not limited to audits and examinations. The purpose of these advisories is to raise awareness on particular areas of financial reporting or compliance risk, aid in the prevention and detection of weaknesses that may trigger the risk, and to offer guidance on how to identify and mitigate the risk.

Appendix A

DEFINITIONS

A

Adverse Opinion: After having obtained sufficient and appropriate audit evidence, the auditor concludes that misstatements, individually or when grouped with other misstatements, are both material and pervasive to the financial statements.

Audit: For the purposes of this report, an audit is defined as an agency's annual financial and compliance audit.

Auditor: A person or firm who conducts an audit.

Audit Report: A document issued as a result of an audit engagement regardless of whether the document is on the contractor's letterhead or signed by the contractor.

AUP: Agreed upon procedures.

C

CPA: Certified Public Accountant.

D

Disclaimer of Opinion: The auditor is unable to obtain sufficient appropriate audit evidence on which to base the opinion, and concludes that the possible effects on the financial statements of undetected misstatements, if any, could be both material and pervasive.

F

Finding (audit finding): Result from a process that evaluates audit evidence and compares it against audit criteria. Evidential outcome based on whether audit criteria are met (conformity) or not met (nonconformity).

G

GAAP: Generally Accepted Accounting Principles.

GAO: Government Accountability Office, a division of the OSA.

I

IPA: Independent public accountant.

L

Local public body: All political subdivisions of the state that expends public money from whatsoever source derived.

APPENDICES

M

Material Noncompliance: A failure to comply with laws, regulations, contracts or grant agreements that is quantitatively or qualitatively material, either individually or when aggregated with other non-compliance, to the compliance requirement as a whole, or at the individual program level.

Material Weakness: A deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the agency's financial statements will not be prevented, or detected and corrected, on a timely basis.

Modified Opinion: An auditor's written attestation concluding that a modification to a given agency's financial statements is necessary. Namely, a qualified opinion, an adverse opinion, and a disclaimer of opinion.

Multiple Opinions: An auditor's written attestation occurring when the auditor expresses different opinions on various aspects of the financial statements.

N

NMAC: New Mexico Administrative Code

NMSA: New Mexico Statutes Annotated.

O

Opinion (audit opinion): An auditor's written attestation as to the fairness of presentation of financial statements.

OSA: New Mexico Office of the State Auditor.

Other matter: A finding that is required by New Mexico Statutes Annotated 1978, Section 12-6-5 (any violation of law or good accounting practices found by the audit), that does not rise to the level of a significant deficiency.

Other noncompliance: A failure to comply with laws, regulations, contracts, or grant agreements that may affect the financial statements as a whole, or at the individual fund or program level.

Qualified Opinion: The auditor, having obtained sufficient appropriate audit evidence, concludes that misstatements, individually or in the aggregate, are material but not pervasive to the financial statements, or the auditor is unable to obtain sufficient appropriate audit evidence on which to base the opinion, but concludes that the possible effects on the financial statements of undetected misstatements, if any, could be material but not pervasive.

S

Significant Deficiency: A deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

T

Tier: Established based on the amount of each local public body's annual revenue, pursuant to Section 12-6-3 NMSA 1978 and Section 2.2.2.16 NMAC.

U

Unmodified Opinion: An auditor’s written attestation concluding that the financial statements of a given agency are presented fairly, in all material aspects, in accordance with GAAP.
